Post Office Box H224 - Australia Square  
SYDNEY NSW 2000

Dear Sir / Madam

**HERON RESOURCES LIMITED, APPOINTMENT OF DIRECTOR**

Please find following Heron Resources Limited's announcement of the appointment of director.

Yours faithfully

Managing Director

The Board of Heron Resources Limited is pleased to announce the appointment of Mathew Longworth (BSc (Hons) MAusIMM) as Exploration Director of the company.

Mr Longworth 40 is a geologist with 18 years experience throughout Australia in gold, base metals, coal and nickel who joined Heron in December 2003 as Exploration Manager. Mr Longworth brings to Heron considerable exploration and feasibility experience gained in senior exploration management roles with major Australian gold companies. Mr Longworth commenced his career with the metals and coal divisions of a major international oil company where he spent 7 years, involved in mine discovery in Queensland and Western Australia including Sunrise Dam. Mr Longworth joined Pancontinental Limited based in Kalgoorlie becoming Manager Kalgoorlie Exploration for Goldfields Limited and subsequently AurionGold. During this time the Kalgoorlie exploration teams discovered well in excess of 2.5 million ounces of gold in resource including the Raleigh and Aphrodite gold deposits.

Mr Longworth has a record of resource discovery and development, in addition to the realisation of business development opportunities within the Kalgoorlie district over the last 14 years.

Mr Longworth has Board responsibility for the coordination of the current Scoping Study and subsequent Prefeasibility Study of the Kalgoorlie Nickel Project.
