Dear Ian,

I read with interest your latest Annual Report and wish to congratulate you on your long-term support of Ngunytju Tjitji Pirni Aboriginal Corporation (NTP).

I was proud to be able to participate in their recent 10th Anniversary and Official Opening celebrations in Kalgoorlie. It has been such a difficult road for them and to see what they are achieving now is just wonderful. You must be thrilled to see the enormous community benefits that NTP has been able to bring through your support.

Yours is a truly great example of 'corporate social responsibility'. Well done!

Warm regards,
