FARM-IN PARTNER GOODRICH RESOURCES LTD ANNOUNCES NEW IP ANOMALIES AT CALARIE

TriAusMin Limited (ASX: TRO) (TSX: TOR) ("TriAusMin") is pleased to refer to the recent announcement made by Goodrich Resources Ltd (ASX:GRX) ("Goodrich") on May 9 2012 regarding positive results from a new IP survey recently undertaken at TriAusMin's 100% owned Calarie Project, that is the subject of a Farm-In Agreement between the two companies.

Goodrich has released to the ASX encouraging results from a recent Induced Polarisation (IP) survey undertaken in the central region of the Calarie tenement that has identified two strong chargeability anomalies representing drill targets for potential copper-gold or gold mineralisation.

The Company is looking forward to following the progress of these new drill targets as Goodrich continues its exploration programme.

For more details of this release please refer to Goodrich's ASX release dated May 9 2012 or refer to Goodrich's website at www.goodrichresources.com.au.

About TriAusMin

TriAusMin is engaged in the exploration and development of base and precious metals deposits in the Lachlan Fold Belt of New South Wales, Australia. TriAusMin's projects include the Woodlawn Project located 200km southwest of Sydney, the Lewis Ponds Project located near Orange, 200km east of Sydney, as well as a number of other quality exploration properties in the Lachlan Fold Belt.
